Thursday

26/11
8:00–18:00

08:00 – 08:25

Registration

08:25 – 08:30

Introduction & Welcome

Session 1
08:30–09:30

Live Scanning: Patient with Oedema

Talks 1–4 (TBC)

Live Ultrasound Scanning – Patient with oedema:
physical examination, live imaging & decision making

Discussion

Session 2
09:30–10:00

Clinical Cases Rapid Fire

Clinical Cases 1–5 (TBC)

Discussion

Session 3
10:00–11:00

Thermal & Non-Thermal Procedures

Talks 1–6 (TBC)

Videocase – Hybrid Solutions

Discussion

11:00–11:20

Coffee Break

Session 4
11:20-12:00

Evaluate & Treat Superficial Veins (Live Scanning)

Clinical Cases 1-3 – Superficial Vein Reflux (TBC)

Session 5
12:00-13:00

Phlebosophy Compression Club

Live imaging + patients for wrapping

Clinical Cases 1-3 (TBC)

13:00-14:00

Lunch (Workshop group / Delphi group)

Session 6
14:00-15:00

Management of Chronic Venous Obstruction

Talks 1-5 (TBC)

Clinical Cases 1-2 / alternatively:
Deep Venous Live Scanning

Discussion

Session 7
15:00-15:50

Aesthetic Phlebology

Talks 1-5 (TBC)

Talk 6: Rapid fire complications (TBC)

Discussion

15:50-16:10

Coffee Break

Session 8
16:10-17:00

Pelvic Venous Disorders

Talks 1-4 (TBC)

Live Ultrasound Scanning – Patient with Pelvic Disorder:
physical examination, live imaging & decision making

Discussion

Session 9
17:00-17:30

Innovation, Young Talents & Future Perspectives

Phlebo-Sophia & Humanism in Medicine; The Future of AI
in Vein Care: What Emerging Technology Could Mean for
Patients

Talks 1-5 (TBC)

Discussion

Session 10
17:30-18:00

What I Learned from My Mistakes

Talks 1-5 (TBC)

Discussion

Friday

27/11
8:30-17:30

Session 1
08:30-09:30

**Complex Cases:
Varicosities & Deep Venous Disease**

Talks 1-4 (TBC)

Discussion

Clinical Case 1 – Patient with big varicosities (Aneurysm)

Clinical Case 2 – Patient with deep venous disease

Session 2
09:30-10:00

Rapid Fire Q&A

Clinical Cases 1-5 (TBC)

Discussion (2 min per presentation)

Session 3
10:00-11:00

Management of Venous Ulcerat

Talks 1-4 – Current strategies in the management of venous ulceration (TBC)

Discussion

Clinical Case – Ulcer presentation + medication + compression + discussion

Discussion

11:00-11:20

Coffee Break

Session 4
11:20-12:00

Phlebology Mix: Videos, Cases & Talks

Thoracic Outlet
Venous Malformation
Linfedema / Lipedema
Venous Aneurysm

Session 5
12:00-13:00

**VTE: Pharmacomechanical
Thrombolysis & Stenting**

Talks 1-6 (TBC)

Discussion

13:00-14:00

Lunch (Workshop group / Delphi group)

Session 6
14:00-15:00

Core Science & International Guidelines

Venous Thromboembolism (SVT, DVT, PE)
— Routine clinical use & critical issues

Management of Superficial Vein Disease

Management of Deep Vein Disease

Discussion

Keynote Speaker — State of the Art in Phlebology
(5 min introduction + 15 min talk, no discussion)

Session 7
15:00-15:50

Lymphedema & Lipedema

Talks 1-5 (TBC)

Discussion

15:50-16:10

Coffee Break

Session 8
16:10-17:00

**Technical Workshops
(Parallel Sessions)**

Sala Marte

Training Lab on Anatomical Models
Tutors: C. Bortoluzzi · P.P. Di Mico

Sala Mercurio

Masterclass on Bandaging & Compression
Tutor: G. Mosti

17:00-17:30

Closing Ceremony & Awards

Announcement: Phlebosophy 2027

Closing Remarks & Awards

Young Talent Phlebosophy 2026 Prize & Fellowship presso IFI

ECM Questionnaire & End of Scientific Programme

SOCIAL EVENING · FACULTY GALA DINNER — VENICE

18:30 Coach departure from Padova to Venice (Piazzale Roma)

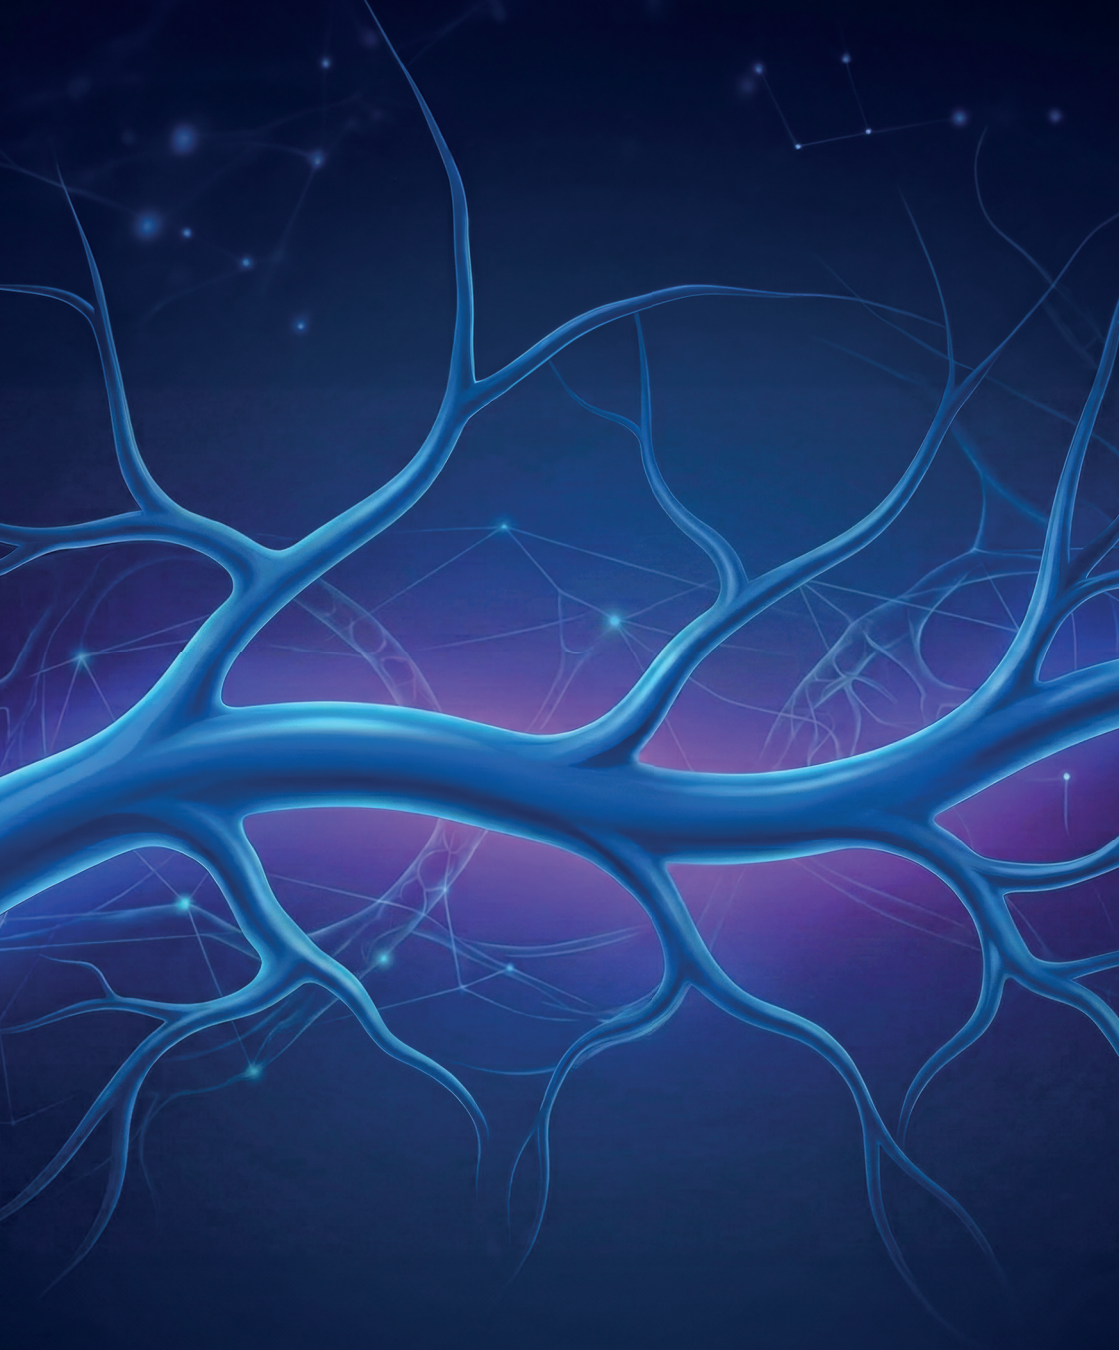

19:00 Boat departure towards Accademia — Galleria Bartoux

19:40 Arrival at Galleria Bartoux

20:30 Phlebosophy 2026 Gala Dinner — Venice

23:00 Boat departure to Piazzale Roma

23:30 Coach return to Padova
