Thursday

26/11
8:00-18:00

08:00 – 08:25

Registration

08:25 – 08:30

Introduction & Welcome

Session 1

08:30-09:30

What is oedema and how you get rid of it?

Moderators: **N. Labropoulos, N. Liasis**

Diagnostic approach to lower limb oedema | **A. Gasparis**

Which organ failure causes oedema? | **V. Saleptsis**

Comparison among Lymphedema and Lipedema | **S. Oberto**

Live Scanning: Patients with oedema (2 patients)

Lead: **N. Labropoulos, N. Liasis**

Discussion

Session 2

09:30-10:00

CLINICAL CASES Rapid fire Videos

Moderators: **D. Guarnaccia, A. Giannoukas**

Total care for Ulcers | **V. Saleptsis**

Treat the deep and the superficial together | **D. Baccellieri**

Hybrid Solutions for recurrent varicose veins | **A. Griso**

Combined Endovenous Laser ablation and foam sclerotherapy | **C. Baraldi**

Discussion

Session 3

10:00–11:00

Thermal and non thermal procedures

Moderators: A. Frullini, D. Baccellieri

How to perform best thermal Ablation | D. Kontothanassis

Total Endovenous Ablation | L. Palombi

Optimizing Endovenous Foam Sclerotherapy | P. Pavei

MOKA | T. Cappellari

Non rotational MOKA Flebogrif | T. Urbanek

Glu ablation | F. Martinelli

HIFU ablation | A. Gasparis

Discussion

11:00–11:20

Coffee Break

Session 4

11:20–12:00

Evaluate and treat superficial veins

(Patients With Chronic Venous Disease: History, Examination, Live Imaging and Making the Treatment Plan)

Live scanning: N. Liasis, N. Labropoulos

Lead: D.Kontothanassis

Clinical Case 1 | A. Griso - D.Kontothanassis

Clinical Case 2 | L. Palombi - D. Kontothanassis

Clinical Case 3 | P. Pavei - D. Kontothanassis

Discussion

Session 5

12:00–13:00

Phlebosophy Compression Club

Live scanning: N. Labropoulos - N. Liasis

Lead: G. Mosti

Clinical Case 1 - CVD C6 CEAP | G. Mosti

Clinical Case 2 - CVD and Lipedema | S. Oberto

Clinical Case 3 - Linfedema | T.L. Aloï

Discussion

13:00–14:00

Lunch (Workshop) – Sala Marte

Session 6
14:00–15:00

Management of Chronic Venous Obstruction

Moderators: **A. Griso, A. Santoliquido, V. Saleptsis**

Current evidence in chronic occlusive venous disease.
Where do we stand? | **E. Avgerinos**

Last generation venous stents: evidence, indications and patient selection criteria | **D. Baccellieri**

How I treat chronic Deep Vein Thrombosis: step-by-step algorithm | **A. Gasparis**

Inferior Vena Cava chronic occlusions. Tips & tricks for a successful approach | **H. Jalaie**

Chronic venous obstruction and CVD; treat the superficial first | **L. Palombi**

Clinical Case 1 - Deep vein obstruction and superficial disease
Lead: **D. Baccellieri**

Clinical Case 2 - Chronic venous obstruction, DVT and agenesis of IVC
Lead: **H. Jalaie**

Discussion

Session 7

15:00–15:50

Aesthetic Phlebology

Moderators: **D. Kontothanassis, O. Martinelli**

Understanding anatomy of small veins | **A. Caggiati**

Is there still a role for ambulatory phlebectomy? | **P. Pavei**

Sclerotherapy is the best option to treat small veins | **F. Martinelli**

Avoiding Complications in the Aesthetic Treatment of Leg Veins | **L. Palombi**

Tumescent-assisted sclerotherapy for aesthetic and varicose vein treatment | **T. Urbanek**

Management of facial and hand veins
A. Jaworucka Kaczorowska

Discussion

15:50–16:10

Coffee Break | **(Workshop) FUORI ECM**

Sala Marte

Gestione dell'inflammatione nel paziente con linfedema
G. Camporese

Sala Mercurio

Laser, RF, GLU

Session 8

16:10–17:00

Pelvic Venous Disorders

Moderators: **L. Aluigi, A. Giannoukas**

The Symptoms-Varices-Pathophysiology classification of pelvic venous disorders | **A. Gasparis**

Clinical aspects of Pelvic Congestion Syndrome | **L. Altarazi**

Diagnosis and management of extrapelvic varicose veins of pelvic origin | **A. Jaworucka Kaczorowska**

Bottom-up Treatment for Vulvar and Lower Extremity Varicose Veins of Pelvic Origin | **D. Guarnacia**

Discussion

Session 9

17:00-17:30

Innovation, Young Talents & Future Perspectives

Moderators: **D. Kontothanassis, S. Oberto**

Artificial intelligence in the diagnosis of acute deep vein thrombosis; ThinkSono | **M. Avgerinos**

AI agentica in medicine and phlebology; revolution or threat? | **L. Rossi**

Treat the vein or treat the patient?
Rethinking cardiovascular disease in CVD | **O. Martinelli**

Genes and varicose veins; the elephant that nobody can see in the room | **E. Georgakopoulos**

Discussion

Session 10

17:30 - 18:00

What I Learned from My Mistakes

Moderators: **D. Guarnaccia, A. Giannoukas**

EHIT, EGIT, EFIT, DVT/SVT | **D. Kontothanassis**

Failure of treatment and bad cosmetic results | **T. Urbanek**

Discussion

Friday

27/11
8:30-17:30

Session 1
08:30-09:30

Complex Cases:
Varicosities & Deep Venous Disease

Moderators: P.L. Antignani, A. Frullini, A. Griso

Deep vein obstruction in the presence of end stage venous disease | **M. Avgerinos**

Pelvic veins and extended varicosities
A. Jaworucka Kaczorowska

Extended varicosities in patient with normal GSV and SSV
L. Palombi

Clinical Case 1 — Patient with big varicosities (Aneurysm)
D. Kontothanassis

Clinical Case 2 — Patient with deep venous disease
Clinical Cases | **D. Baccellieri**

Discussion

Session 2
09:30-10:00

Rapid Fire Q&A

Pannel: N. Labropoulos, A. Gasparis, M. Avgerinos,
V. Saleptsis, A. Giannoukas

Clinical Case 1
Clinical Case 2
Clinical Case 3
Clinical Case 4
Clinical Case 5

Session 3

10:00–11:00

Management of Venous Ulceration

Moderators: **G. Mosti, A. Caggiati, L. Aluigi**

Venous ulceration is a multifactorial disease | **N. Labropoulos**

Impact of treating deep veins for ulcers | **M. Avgerinos**

Current strategies in the management of venous ulceration | **A. Gasparis**

How to manage recurrent venous ulcer | **V. Saleptsis**

Discussion

Clinical Case — Ulcer presentation + medication + compression + discussion | **G. Mosti, S. Oberto**

11:00–11:20

Coffee Break

Session 4

11:20–12:00

Phlebology Mix: Videos, Cases & Talks

Moderator: **D. Kontothanassis**

Thoracic Outlet | **M. Mirandola**

Venous Malformation | **F. Martinelli**

Linfedema / Lipedema | **S. Oberto**

Discussion

Session 5

12:00–13:00

VTE: Pharmacomechanical Thrombolysis & Stenting

Moderators: N. Labropulos, M. Avgerinos

Current management of pulmonary embolism: indications and treatment options | **H. Jalaie**

General considerations in treatment of acute iliofemoral / caval DVT | **D. Baccellieri**

In-stent thrombosis | **M. Mirandola**

Management of calf DVT | **E. Bernardi**

Managing Anticoagulation in the Pregnant Patient
E. Bernardi

Discussion

13:00–14:00

Lunch | (Workshop) FUORI ECM

Sala Mercurio

Laser, RF, GLU

Sala Plutone

Sclerotrainer

Session 6

14:00–15:00

Core Science and International Guidelines

Moderators: R. Parisi, D. Kontothanassis, M.T. Aloï

Vascular endothelium and glycocalyx; where do we stand
M. Izzo

CVD and inflammation ; the importance of endothelial protection | **A. Santoliquido**

New evidence in the treatment of hemorrhoidal disease
G. Gallo

STAR Delphi; consensus statements for the treatment of CVD | **A. Frullini**

Discussion

Keynote Speaker — THE METRO STUDY | **G. Camporese**

Session 7

15:00–15:50

Lymphedema & Lipedema

Moderators: A. Gasparis, T. Urbanek, L. Altarazi

Classification and current treatment of Lymphedema
S. Oberto

Classification and current treatment of Lipoedema
A. Jaworucka Kaczorowska

Clinical Case 1 | Duplex evaluation in Lymphedema
N. Labropoulos

Clinical case 2 | Evaluation of Lipoedema | **N. Liasis**

Discussion

15:50–16:10

Coffee Break

Session 8

16:10–17:00

Technical Workshops

Lead: A. Jaworucka Kaczorowska, S. Oberto, G. Mosti

Sclerotrainer for aesthetic sclerotherapy

Masterclass on Bandaging and Compression

17:00–17:30

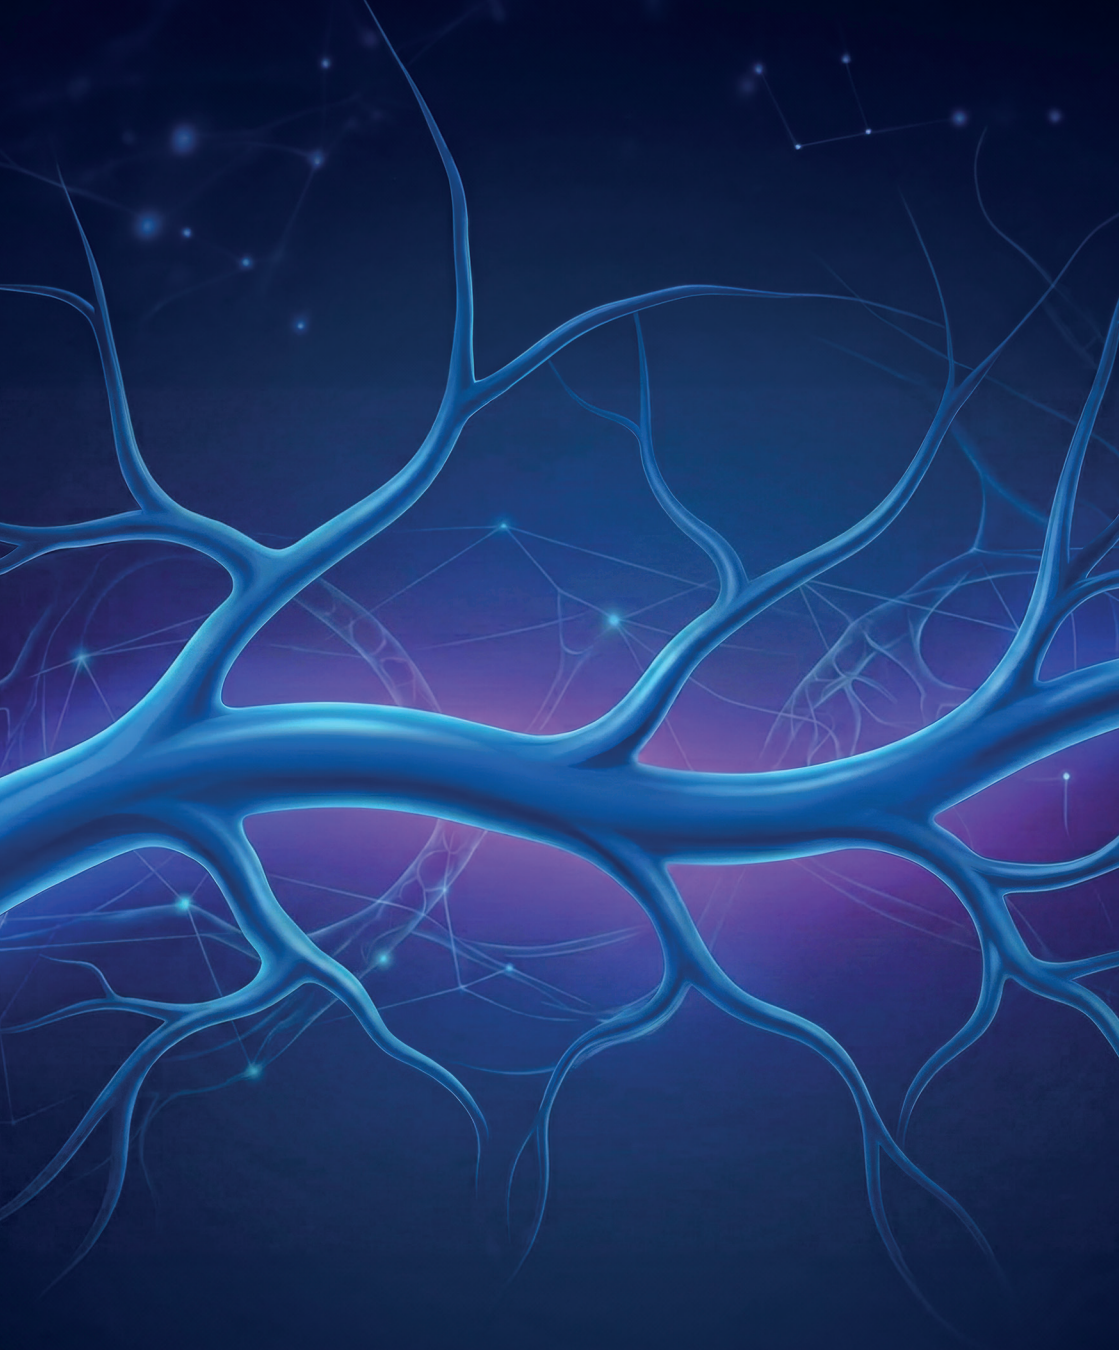

Closing Ceremony & Awards

Announcement: Phlebosophy 2027

Closing Remarks & Awards

Young Talent Phlebosophy 2026 Prize & Fellowship presso IFI

ECM Questionnaire & End of Scientific Programme
